LEGEND TO SKETCH

- Point # 1. Highway: See Overlay.
- # 2. Road: eight meters wide; asphalt, in poor condition; separated airfield from barracks area.
- # 3. Entrance: wire screen gate; six meters wide, three meters high; one armed military guard here. 25X1
- # 4. Fence: barbed wire, three meters high; surrounding entire barracks area and AA gun emplacement area; 1,000 m. long, 500 m. wide. There was no fence around airfield.
- # 5. Barrack: wooden; 35 m. long, 10 m. wide, 3 m. high; with tar paper, low gable roof.
- # 6. Barrack: wooden; 25 m. long, 10 m. wide, 3 m. high; with tar paper, low gable roof.
- # 7. Barrack: wooden, 50 m. long, 12 m. wide, 3 m. high; with tar paper, low gable roof.
- # 8. Barrack: Same as Pt. 5, above.
- # 9. Barrack: Same as Pt. 6, above. All barracks were living quarters for enlisted personnel.
- # 10. AA Guns: Eight guns at this point. These AA guns were similar to type in AIG Tab. 8, Sec. II, Page 281. Fig. 2, Typical Medium AA Gun. However AA guns 25X1
had only two wheels. AA guns were 30 m. apart. There were many trenches leading from barracks Pt. 9, above to AA guns. Many armed military guards patrolled AA gun area, day and night.
- # 11. Barrack: wooden, 45 m. long, 10 m. wide, 3 m. high; tar paper, low gable roof; next to road, Pt. 2, above.
- # 12. Barrack: Same as Pt. 11, above.
- # 13. Underground Storage: 25X1
 many sod covered bunkers and many armed military guards patrolling this area. This storage area was almost perfectly camouflaged with natural vegetation.
- # 14. Runway: three types of aircraft taking off and landing on this runway. 25X1
 they were single engine jet fighters, 25X1
 two-engine conventional bombers, and biplanes.
- # 15. Runway: Same as Pt. 14, above.
- # 16. Runway: Same as Pt. 14, above.
- # 17. Runway: Same as Pt. 14, above.
- # 18. Runway: Same as Pt. 14, above.
- # 19. Runway: Same as Pt. 14, above.
